# Labware

Your needs  
are fulfilled daily !

## Instrumentation

luminometers, HPLC, GC, IC, robotic equipment, proteomics system 2D gel imaging, pumps, sampling systems, respiratory, physiology, cardiovascular, neuroscience, cell biology, molecular biology, toxicology, dialysis, cell culture, fittings, selectors, injectors, valves, pipettes, minicentrifuges, models, ...

# Specialities

It isn't necessary  
to be a giant to provide you with  
attractive diagnostics.

## Diagnostics

In diverse therapeutic fields with multiplexing gene-based diagnostics of infectious disease agents :

# Services

○ You want to outsource part of your work?

- Synthesizing products
- Producing grams of antibodies
- Developing a new way to analyze your products
- Technology transfer

We can help you find the best added value solution.

Please contact us to get a quotation (we work with a secrecy agreement)

○ TECHNOSA SA is your specialist for industrial pumps, transport rollers, special spare pieces, ...

TECHNOSA SA is a partner of SOCOCHIM SA groupe.
